

HR Analytics Dashboard Documentation

Project Overview

This Power BI dashboard analyzes employee attrition, workforce demographics, department performance, and tenure patterns using the HR Analytics dataset.

Dashboard Components

- KPI Cards: Total Employees, Employees Left, Active Employees, Attrition Rate %, Average Age, Average Monthly Income, Average Tenure.
- Headcount by Department.
- Gender Distribution.
- Attrition by Department and Job Role.
- Tenure Analysis.
- Interactive Department and Gender Filters.

Business Value

The dashboard helps HR teams identify attrition hotspots, understand workforce composition, and support retention strategies through data-driven insights.
